2-IN-1 PORTABLE SOUND MACHINE + NIGHTLIGHT

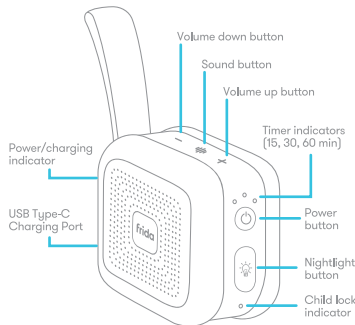

USER MANUAL

SOOTHE ON THE MOVE

For newborns trying to sleep, silence is actually not that golden. The 2-in-1 Portable Sound Machine + Nightlight helps baby fall -and stay- asleep no matter where nap time happens. It's small, but mighty design drowns out noises with five sound options including a shushing and heartbeat. Plus, a nightlight offers a soft glow for those nighttime feeds. Cheers to no more tip-toeing around like a ninja.

Specifications

Technical Data

Product Name: Portable Sound Machine

Model: 120

Contents: Non Removable Lithium-Ion Battery

Battery Capacity: 1.85Wh

Charging Voltage: DC 5V/0.5A

Weight: 131g (with battery)

Dimensions: 84x81x50mm

Warning

For safety, keep the sound machine at least 2 feet from the infant while in use. Keep out of reach of children when not in use.

If using with a stroller or car seat we recommend keeping the sound machine at half volume. If using where the infant or child could potentially reach, keep the volume low and ensure the child safety feature is on. If using with a crib, keep out of reach of the infant. Never let the infant chew or mouth the sound machine.

Do not submerge under water. If the device is damaged discontinue use immediately. Do not attempt to repair or open the housing or expose to extreme heat or fire.

Operating Instructions

1. To power on, press + hold the POWER BUTTON for 2 seconds.
2. To adjust the volume, press the VOLUME UP or the VOLUME DOWN button to your liking.
3. To adjust the sleep sound, tap the SOUND BUTTON to your desired setting.

Sound setting options:

- Pink Noise
- Heartbeat
- Shushing
- Waves
- Nature Sounds

4. To power off, press + hold the POWER BUTTON for 2 seconds.

AUTO SHUT-OFF TIMER:

Save yourself from sneaking into their room and use the auto shut-off feature to turn off the sound.

1. When unit is on, press Power Button once to activate 15 minute timer.
2. Press Power Button twice for 30 minute timer.
3. Press Power Button three times for 60 minute timer.
4. Press Power Button four times to turn timer off.

NIGHTLIGHT:

For those middle-of-the-night feeds, turn the nightlight feature on and adjust to your liking for a soft glow.

1. Press Nightlight Button once for 30% illumination.
2. Press Nightlight Button twice for 50% illumination.
3. Press Nightlight Button three times for 100% illumination.
4. Press Nightlight button four times to turn off.

ATTACH ANYWHERE STRAP:

Our Sound Machine comes in clutch when keeping up with baby's sleep schedule on-the-go.

To use in standing position:

1. Leave Attach Anywhere strap wrapped around sound machine for a non-slip grip.

To hang anywhere:

1. Unbutton green Attach Anywhere Strap.
2. Loop strap around desired location: crib, stroller handles, car seat, diaper bag, door handle, etc. - wherever baby is snoozing.
3. Button green Attach Anywhere Strap back to secure.

CHILD LOCK:

1. To lock, press and hold Sound + Nightlight buttons for 3 seconds.
2. To unlock, press and hold Sound + Nightlight buttons for 3 seconds.

Care and Cleaning

Dampen cloth with warm water and wipe down the product. Air dry before use.

Safe Disposal: This item contains a Lithium-Ion battery. Do not throw out in your regular household garbage or recycling bin. Do not burn in a fire. Contact your local municipality for proper disposal of Lithium Ion Batteries.

Federal Communications Commission

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against

harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by Frida could void the user's authority to operate the equipment.
